

Dear FCC,

I am writing to let you know that I do not agree with the LPFM in their new proposal. My family and I are devoted listenerers to Airl. We only listen to Airl and K-Love which would also be affected by this. They are both positive stations that keep us on the right track. It lifts up our day and gives us positive encouragement. I believe that if this station could not be heard my children would not have a radio station to listen to. If this station is lost from our air waves our community will be effected greatly. We have a great number of churches in this community that listen to Airl. Actually our County has a great number of people that would lose this awesome station. Just think about how incredible it is to have stations that can be on the air because it is completely funded by its listeners. That in itself says it all. Thank you for your consideration.

Sincerely,

Natalie Farrell
